LETTER OF RECOMMENDATION

01.06.2026

To Whom It May Concern,

Khanh Hoang Tran worked with us at LimeByte GmbH as a frontend developer on ingacademy.de and hospitalityinside.com. I would gladly recommend him to a future employer.

What I particularly appreciated about him was his dependable and considered approach to work. He made an effort to understand what was needed, treated his responsibilities seriously, and gave each task the attention it deserved.

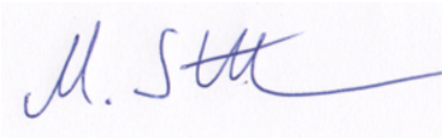

He was comfortable asking questions, open to suggestions, and willing to put in the effort to work through unfamiliar challenges. He approached problems calmly and remained focused on finding a solution.

On a personal level, Khanh Hoang Tran was easy to work with. He communicated respectfully, responded constructively to feedback, and brought a cooperative attitude to the team.

Thank you for considering his application. I believe he has much to offer, and I would be pleased to work with him again.

Sincerely,

Martin Stroschein

CEO
